

Welcome to the Graham Medical Associates Patient Portal, where you can access your medical information online!

This personal health record and Patient Portal lets you access your health information on the go!

Simply provide us with a non-employment related email address to create your free portal account and you can access your medical records immediately! You will receive an email where you will be able to click on a link and create a username and password. Then visit our website to log in to the Patient Portal.

**Access
your health
information
online anytime,
anywhere.**

With your personal Patient Portal you can...

Request appointments

Ask us today about how you can obtain your unique **username** and **password** to begin using the Patient Portal immediately.

24/7 Patient Portal Access
