NORTHWOODS
DENTAL

www.NorthwoodsDental.com

Welcome to the Neighborhood!

If you are in need of a new dentist, we invite you to consider our practice. Our philosophy is simple – we believe that the most important thing we can help our patients do is keep their teeth and gums healthy for a lifetime.

Our friendly and knowledgeable staff will provide you with the highest-quality, most up-to-date care available in a clean, comfortable setting. We will take the time to listen to you and answer any questions you may have.

Here are just a few of the many features that allow us to serve you better:

- **Digital X-Rays:** allows our doctors to diagnose and treat dental problems earlier, before pain or larger expenses occur.
- **Zoom Teeth Whitening:** safe, fast, and convenient, this popular service helps patients often achieve whitening of 6-10 shades in one visit.
- **Diagnodent:** pain-free, non-invasive laser technology used for early cavity detection.
- **Waterlase Dentistry:** a more gentle method of treating tooth decay instead of drills.
- **CEREC:** allows a tooth to be restored in a single visit.
- **ClearCorrect:** an invisible alternative to metal braces.
- **Under Armour Performance Mouthwear:** an innovative mouthguard that improves athletes' strength, endurance, and reaction time.
- **Silent Night sl:** an affordable flexible device that can prevent or minimize the disruptive and unhealthy effects of snoring and sleep apnea.
- **Botox / Juvederm:** this conservative and discreet treatment can radically enhance facial aesthetics by minimizing wrinkles and smoothing out the skin on the face.
- **Convenient Monthly Payment Plans:** available through CareCredit.

We hope you will consider us for all of your dental needs, and we look forward to seeing your smile!

Sincerely,

Doctors and staff of Northwoods Dental
