Use it or Lose it!...

We are in the last few weeks of the year. If you fail to make use of all **YOUR** flex benefits before the year ends you're losing value.

You've paid for your benefits, why not **USE THEM**? Whether you need a preventative exam or something more involved, call us today to schedule **BEFORE** December 31.

If you're not sure whether you have benefits remaining for the year, please call us at (123) 456-7890 to check!
