

## Great News! Woodcreek can now see our pediatric patients for virtual visits!

Many common illnesses and chronic conditions can be assessed by our highly knowledgeable providers while you and your family stay in the comfort and safety of your own home. If your child has one of the conditions we can treat via virtual care, please call our office at 253.848.8797 to set up a virtual care appointment! We look forward to helping your family in this new way!
