

OUR PHYSICIANS

Dr. Sukir Sinnathamby
Board Certified in Endovascular
Medicine, Cardiovascular Disease and
Interventional Cardiology

Dr. "BK" Srivastava
Board Certified in Cardiovascular
Disease, Invasive Cardiology and
Nuclear Cardiology

Dr. Mark E. Krebs
Board Certified in Clinical Cardiac
Electrophysiology and Cardiovascular
Disease

Dr. Kurian T. Maliel
Board Certified in Internal Medicine,
Cardiovascular Disease and Vascular
Imaging. (Registered Physician in
Vascular Imaging)

SERVICES

Buckeye Heart & Vascular Institute offers advanced cardiac services and diagnostic testing in a warm, welcoming environment. Our team is committed to serving patients with compassion while delivering personalized, professional cardiac care.

We offer consultative services in cardiology, heart failure, vascular disease, and cardiac electrophysiology/arrhythmia management. We provide state-of-the-art, accredited laboratories for imaging in echocardiography (ASE/ICANO) and cardiac nuclear imaging (ACR). We have a registered physician in vascular imaging.

The physicians and staff of Buckeye Heart & Vascular Institute welcome the privilege to serve you.

CARDIAC TESTING

- Electrocardiograms (EKGs)
- Echocardiography
- Treadmill exercise testing with and without nuclear perfusion imaging
- Pharmacologic stress testing with nuclear perfusion imaging
- Cardiac gated imaging (MUGA scan)
- Exercise and pharmacologic stress echocardiography

VASCULAR TESTING

- Carotid ultrasound
- Abdominal aorta ultrasound
- Renal artery ultrasound
- Arterial duplex
- Venous ultrasound

ELECTROPHYSIOLOGY/ARRHYTHMIA MANAGEMENT

- Holter monitoring
- Event recorder monitoring
- Implanted loop recorder monitoring
- Pacemaker and ICD programming/monitoring

CORONARY INTERVENTIONS/DIAGNOSTICS

- Coronary angiography
- Percutaneous coronary interventions (stenting/angioplasty, etc.)
- Intracardiac ultrasound and flow wire

VASCULAR INTERVENTIONS/DIAGNOSTICS

- Abdominal and thoracic aortic angiography/aneurysm repair
- Carotid artery angiography
- Renal artery angiography and stenting/angioplasty
- Peripheral arterial angiography and stenting/angioplasty

ELECTROPHYSIOLOGY INTERVENTIONS/DIAGNOSTICS

- Electrophysiology studies
- Catheter ablation of SVT, atrial flutter/fibrillation, PVCs, ventricular tachycardia
- Pacemaker (including leadless pacemaker) implantation
- Cardiac resynchronization therapy (CRT) (biventricular pacing) for heart failure
- Cardioverter defibrillator (ICD) implantation and testing
- Lead extraction
- Left atrial appendage closure (Watchman)
- Implantable loop recorders

Buckeye Heart & Vascular Institute is a team of physicians and staff dedicated to delivering high-quality cardiovascular healthcare. With three convenient locations in and around Dayton, Ohio, we make receiving the care you need simple and accessible. Our state-of-the-art, accredited cardiovascular diagnostic center is equipped with modern diagnostic tools to help manage and protect your cardiac and vascular health. Providing high-quality care goes beyond medical advice at Buckeye Heart & Vascular Institute. We value the relationships we build with our patients.
